(For further details, please see overleaf)**

## Medical Certificate

All non-citizens are required to do a set of compulsory medical tests as set out below:-

### List of medical tests required:

- 1) Blood tests for:
  - Haemoglobin and Full Blood Count;
  - Hepatitis B Surface Antigen;
  - Anti HIV screening test for AIDS;
  - VDRL test
- 2) Urine tests for albumin and sugar;
- 3) Stool test for parasites;
- 4) Chest x-ray

Out of these tests, the following **three tests** should **compulsorily** be done in Mauritius: **Hepatitis B Surface Antigen, HIV and Chest x-ray**. These tests may be done at any private local medical laboratory or clinic registered with the Ministry of Health and Quality of Life (*Indicative List available at BOI and on its website*). The remaining tests may be done in the applicant's country before coming to Mauritius or in Mauritius itself.

All the tests results should be submitted to a local doctor who will issue a medical certificate after an examination. The medical certificate and the reports for the three tests done in Mauritius (HIV, Hepatitis B Surface Antigen and chest x-ray) must be submitted at time of application.

- ❖ **No application for Occupation Permit will be accepted if there is evidence that the applicant is suffering from any infectious or contagious disease.**
- ❖ Medical tests should have been done no longer than six months before date of submitting an application;
- ❖ The chest x-ray should be sign by a radiologist
- ❖ Children who are below 12 years will have to submit a Medical Certificate after undergoing a clinical examination. Appropriate medical investigations including a Chest x-ray and blood test should be carried out only if required by the doctor.
